ADM LOGISTICS

TRUCKING SERVICES

ADM Logistics Trucking Services gives you the best of both worlds—multiple load opportunities over multiple routes. We give carriers the opportunity to keep their trucks loaded, while giving you access to one of North America's most expansive and resourceful trucking networks—over 6,000 carriers that ship from coast to coast.

PACKAGED FREIGHT

TL (TRUCKLOAD) From coast to coast, we work with more than 6,000 carriers to deliver for you. This vast network helps ensure competitive pricing as well as available equipment during peak shipping times.

LTL (LESS THAN TRUCKLOAD) By integrating the services of major regional and nationwide LTL carriers, we've created a system you can rely on for shipments of all sizes. Our customers often benefit from the advantages that come from leveraging our multi-million dollar LTL spend.

EXPEDITED For those times when fast isn't fast enough, we maintain a network of providers who specialize in time-sensitive shipping. Be confident we'll help get your products where they need to be, when you need them.

INTERMODAL ADM Logistics can provide door-to-door intermodal pricing for any of your needs from coast to coast. We are able to utilize our expertise and shipping volume to negotiate cost-effective pricing with our intermodal service providers.

FLATBEDS Whether you're moving steel coils or a 200,000-pound heat exchanger, we have the resources and experience to meet your needs. We offer numerous options, including access to standard flatbeds, step decks, double-drops, over-dimensional and LTL flatbeds.

BULK

We operate one of the largest privately-owned bulk tank fleets in the world and we ship billions of dollars of food-grade and industrial products every year for our company. We also truck millions of tons of dry bulk products each year in and out of our facilities, as wells to and from our customers' facilities. This large shipping volume gives us access to bulk pricing that is unmatched in the industry. No one has more, or better, relationships with bulk carriers.

We fully understand your concern for urgency, safety and quality. From guaranteed pristine fleets to an unbroken chain of custody, our product stewardship exceeds the highest quality standards in the industry. We have access to specialized equipment, including:

LIQUID TANKS
PNEUMATICS
INTERMODAL
HOPPER BOTTOM
END DUMPS
SELF-UNLOADING

CONTIUNUED ON BACK

PARTNERS

We're committed to partnering with asset-based carriers that provide a level of service that goes beyond our customers' expectations. If you're a carrier that fits that description, contact us to see how you can become part of the ADM Logistics network.

A SINGLE SOURCE SOLUTION THAT DELIVERS MORE

ADM Logistics is a third-party logistics provider with access to one of the most far-reaching transportation networks in the world—and the logistics knowledge and expertise that go along with it. We're strategic partners who help you optimize your supply chain and maximize your return on investment.

Your supply chain is affected by hundreds of variables—and ADM has the expertise, the capability and the flexibility to handle them all. Whether your goods are distributed across the nation or around the world, ADM Logistics is a single-source solution that delivers more.

TO LEARN ABOUT THE MANY WAYS ADM LOGISTICS CAN DELIVER MORE FOR YOU, PLEASE CONTACT US.

ADM Logistics is a member of the Transportation Intermediaries Association (TIA) and a charter member of TIA's Platinum Performance Program.
