FUELED BY FLAVOR. NURTURED BY NATURE.

Authenticity matters to consumers, so they seek natural tastes crafted with a variety of cuisines and traditions. They are choosing clean, fresh food over artificial options and they look for appealing, recognizable ingredients that are often organic, local and seasonal.

Growing Innovation That's Extracted with Expertise

Consumers are craving authenticity and heritage. ADM offers a rich portfolio of extracts and distillates created from our robust global supply chain to source unique varieties and raw materials from selected growing regions, formulation and analytical expertise, and our proprietary extraction capabilities.

OUR EXTRACTS ARE:

- 100% natural
- Standardized from crop-to-crop and season-to-season
- Available as alcohol-free

ADM's vertical integration in extracts and distillates gives us the ability to create unique captives that can be used on their own, or added to varietal profiles for use in flavors

Our industry leading procurement, strategic sourcing and long-term supply chain network enables access to unique raw materials that are selected for quality and taste from specific growing regions

Global extraction and distillation manufacturing network to bring you the best that nature has to offer and ensure consistent high quality from year-to-year

We simply take these fresh raw materials from fruits, plants, herbs and spices and gently extract the delicate flavors and aromatics to craft a 100% natural solution to meet your application needs

CONSUMER-PREFERRED SOLUTIONS

ADM's extraction expertise and understanding of natural, raw materials allow us to develop botanical extracts that deliver authentic flavor and appearance for your product development needs.

Our regional flavor creation teams will use extracts and distillates as a base to ensure adaptation to application and local taste preference

More Applications, More Benefits

Known for their authenticity and potency, ADM's extracts and distillates can help add characterizing flavor with clear-labeling to your applications.
