

133 U.S.  
processing plants.  
195 U.S. procurement facilities.  
16,000 U.S. employees.  
One step closer to  
zero.

Naples Grain Handling and Distribution team members from left:  
Brian Clarke, Tricia Galloway and Joe Taylor

At ADM, we transform crops into products that serve vital needs for food and energy. From grain and food ingredients to animal feeds and biofuels, we connect the harvest to the home. In doing so, we demonstrate our commitment to improving quality of life for a growing world.

But nowhere is that commitment more apparent than in our singular focus on safety. Everyone in the company has a role to play—and an everyday mission—to help achieve our goal of zero injuries, zero incidents. Thanks to extraordinary teams across the United States, enhancing co-worker safety is top of mind. In Naples, Illinois, our colleagues have gone fifteen years without a lost workday incident.

Across 40 states, ADM employees are dedicated to improving the lives of people in their workplace, their community, our nation and our world.
