

# OILS & FATS FOR DRESSINGS & SAUCES

## HIGH PERFORMANCE OILS & FATS WITHOUT HYDROGENATION OR TRANS FAT

Our portfolio includes a wide range of functional products that perform in both savory and sweet applications. We can also provide options tailor made to your unique needs and specifications.

From canola- to sunflower-derived choices, you will find the ingredient that is right for your dressings, sauces and marinades at ADM.

## R&D AND APPLICATION SUPPORT

With ADM's quality oils and fats, customers have available to them an integrated global network of technical and application support and R&D services. Should you require, our team will visit your plants to help develop new products or optimize your production.

In our advanced facilities, staff experienced in the unique properties of oils and fats in dressings and sauces work to maximize functionality in customers' products.

Pilot plants, analytical laboratories and test kitchens let us work with your formulations and fully test oils and fats to ensure products meet and exceed customer expectations. Our small-scale refinery gives us the capability to conduct trials and produce samples to help ensure performance.

## GLOBAL RESOURCES

To serve customers on six continents, ADM sources products from all over the world and provides a full range of services to support them.

Multiple plants worldwide, combined with a global distribution system, ensure consistent supply and quality. A range of risk management solutions helps meet customers' needs while minimizing risk.

### KEY BENEFITS

- Large product portfolio
- Non-hydrogenated and low-trans fat selections
- Functional in both savoury and sweet applications
- Customised blends
- Excellent technical and application support

For customers around the world, ADM draws on its resources—its people, products, and market perspective—to help them meet today's consumer demands and envision tomorrow's needs.
