

OILS & FATS FOR READY MEALS

HIGH QUALITY INGREDIENTS FOR TASTY READY MEALS

Whether dried, chilled, frozen, or canned and preserved, ready meals of all types will benefit from the inclusion of ADM's extensive range of vegetable-based oils and fats.

Makers of ready meals will find our products are excellent alternatives to animal and dairy fats. ADM vegetable oils and fats replace other sources cost effectively and without compromising organoleptic properties such as mouth feel and texture.

In addition ADM can provide vegetable oils and fats to function as texturising agents in marinades and sauces or as coatings for frozen products.

QUALITY CONTROL

We manufacture all ADM products under strict quality assurance conditions.

R&D AND APPLICATION SUPPORT

With ADM's quality oils and fats, customers have available to them an integrated global network of technical and application support and R&D services. Should you require, our team will visit your plants to help develop new products or optimize your production.

In our advanced facilities, staff experienced in the unique properties of oils and fats help maximize functionality in customers' products. We work with customer formulations and fully test oils and fats to ensure products meet and exceed customer expectations.

GLOBAL RESOURCES

To serve customers on six continents, ADM sources products from all over the world and provides a full range of services to support them. Multiple plants worldwide, combined with a global distribution system, ensure consistent supply and quality. A range of risk management solutions helps meet customers' needs while minimizing risk.
