PAYADM

CONVENIENT, SIMPLE ONLINE PAYMENTS AND ACCOUNT MANAGEMENT

Make account management and payments easy when you enroll in PayADM.

PayADM simplifies your business—no more check writing, stamps, or envelopes, and you can make payments from any place that is equipped with an Internet connection.

Setup is free, and you pay no transaction or service fees. Plus, because incoming PayADM payments are visible to the ADM Credit Department, orders on credit review may be released faster.

MAKE PAYMENTS

PayADM lets you submit payments on your ADM accounts or pay your monthly subscription to our Live Quotes System (LQS).

WITH PAYADM, YOU CAN:

- Make online payments
- Prepay shipments
- Obtain invoice copies
- View account statements
- Conduct transactions securely
- Easily manage your account

When you authorize payment on PayADM, you initiate a funds transfer from your bank account. (Funds may only be transferred from U.S.- and Canadian-dollar bank accounts.)

Each transaction receives a unique confirmation number, and PayADM generates a printable itemized statement of paid invoices. Your transaction typically clears two business days after you submit payment via PayADM.

PREPAY SHIPMENTS

Eliminate cash-on-delivery payments and ensure delivery at the right time by prepaying online. Use PayADM to avoid delays that come from sending checks with drivers or waiting for checks to arrive by mail.

ADM provides a complete range of services to meet any business or product formulation challenge. **RESOURCEFUL BY NATURE™**

MANAGE YOUR ACCOUNT

PayADM puts your ADM account transactions at your fingertips. A history of all payments via PayADM is available for your reference, and you can view copies of invoices and a statement of your account at any time.

You can also update or change your bank account information through PayADM whenever you like.

SAFE AND SECURE

PayADM operates on a completely secure server area through e-ADM.com. Using Secure Sockets Layer (SSL) encryption, it prevents data from being intercepted. PayADM is also password protected to guard against unauthorized access.

SET UP MULTI-TIER APPROVALS

With PayADM, you have the flexibility of allowing full-charge bookkeepers to initiate and approve payments, or you may request multiple-level approvals.

SOFTWARE REQUIREMENTS

To access and operate PayADM, you need only Internet access and a Java script-enabled browser. Your browser must support 128-bit encryption. Browsers such as Internet Explorer 5.5, Netscape 6.2, and AOL 5.0 or higher are recommended.

POWERED BY E-ADM.COM

Behind PayADM is the power of e-ADM.com, your gateway to real-time news and information, plus a wealth of tools to simplify your business.

e-ADM.com gives you the flexibility and convenience of online account management, live commodity quotes, EDI and XML transactions, online inventory and logistics management, and more.

SEE FOR YOURSELF

To find out what PayADM can do, see our demo at e-ADM.com. Go to the Tools menu; select Credit Tools, then select PayADM Demo.

SIGN UP

Enrolling in PayADM is easy and costs you nothing. Simply e-mail your request for enrollment to payadm@admworld.com. You will receive your user identification and password via e-mail, along with a request for account activation.

Once you have activated your account, you will have immediate access to PayADM and all of its benefits. ADM automatically contacts your bank when you make payments—no additional action or setup is necessary.

Questions? Contact your customer service representative, your regional sales manager, or e-mail the PayADM Administrator at payadm@admworld.com.
