

# Pioneering taste and texture.

**We're pioneering the way in plant-based protein alternatives with our innovative protein systems, which deliver exceptional taste, texture and color.**

## MEETING CONSUMER DEMAND.

We understand that today's flexitarian consumers are looking for new ways to add more plant nutrition to their diets. That's why we've developed a broad portfolio of premium solutions to help you deliver a well-rounded product.

## OUR SUITE OF PLANT-BASED PROTEIN SOLUTIONS.

Our suite of plant-based protein solutions satisfies the market's need for sustainable, clean-label foods, without compromising the taste, nutrition, texture and color consumers expect. Our proprietary platform includes our extensive ingredient pantry, marketing, R&D, product development and culinary expertise.

## A VERTICALLY INTEGRATED SUPPLY CHAIN.

With over 75 years of expertise, we're a leader in global supply chain integrity and quality assurance. We have 450 crop procurement locations, more than 330 food and feed ingredient manufacturing

facilities, 62 innovation centers and the world's premier crop transportation network. Our sourcing partnership with growers and a vertically integrated supply chain ensures a safe, high-quality, product that moves efficiently from farm to plate.

## YOUR TRUSTED SOURCE FOR PROTEIN ALTERNATIVES.

When it comes to providing the most cost-efficient protein solutions, and ensuring ongoing sustainability, we continue to make investments in emerging protein solutions--proof that we're a partner that grows and continues to explore new options in plant-based protein solutions with you.
