

Delivering natural and delicious vanilla solutions.

Wholesome taste with sustainable sourcing.

ADM gives you the edge you need in providing authentic, sustainable and responsibly sourced vanilla. Our vanilla solutions create delicious tasting profiles customized to your application, featuring our best-in-class, direct-from-farmer supply chain to show consumers that you care.

The world's most popular flavor is vanilla - and ADM can bring that delicate taste and enticing aroma to life for your brands with sustainable and socially responsible solutions.

During 2020-2030, the **global vanilla market is expected to grow over¹**

5%

Sweet, simple, sustainable.

25% of Americans are actively engaged in online conversations about responsible food sourcing².

Sourced with SAVAN™.

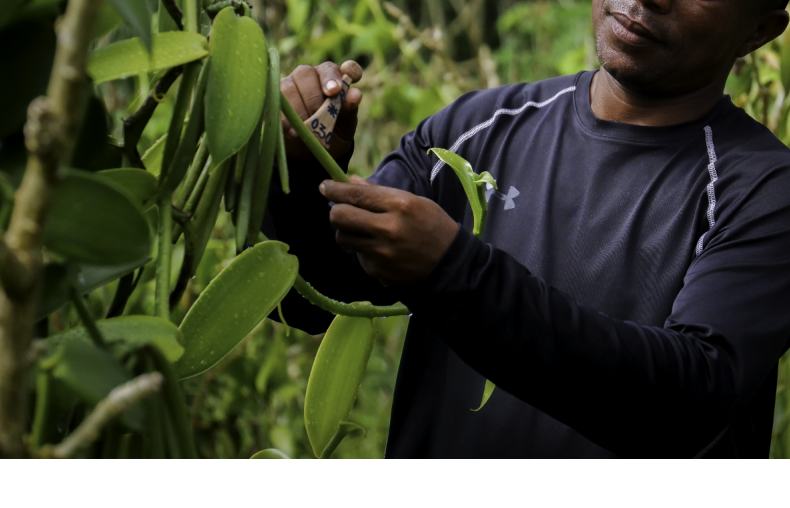

In Madagascar, **ADM is a proud partner of SAVAN™, a joint venture with Sahanala**, an employee-owned cooperative that gives **100% of profits back to the farmers.**

SAVAN™ is **the first farmer-owned processor and exporter** of vanilla beans.

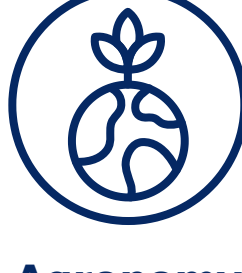

≈80%

of the world's vanilla is sourced from Madagascar, where it's produced and collected from villages in a complex supply chain.

ADM offers you a unique direct-from-farmer supply chain.

Through SAVAN™, ADM offers:

Agronomy support

Fairtrade certification

Digital traceability

Community support

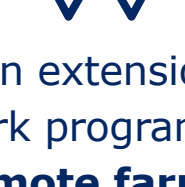

Working with farmers is ADM's core competency.

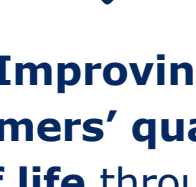

Supporting communities across the world.

6000+

Farmers ADM works with in Madagascar to deliver a 'direct-from-farmer' sourcing.

An extension work program to **promote farming best practices** improving vanillin content.

Improving farmers' quality of life through education, medical care and food security programs.

Our direct relationships with farmers ensure that **our vanilla extracts, flavors and beans are high quality, cost-effective, and traceable** direct to you from the farm.

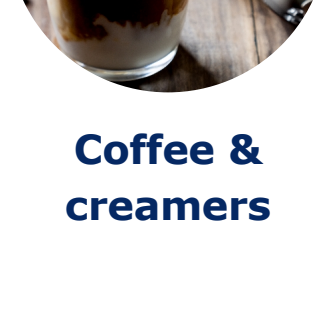

The taste that people love.

Your edge in vanilla solutions.

Finding quality, pure vanilla ingredients is no easy task. **Our flavor creation team leverages our global responsible sourcing and formulation expertise to develop vanilla solutions** to help you get to market faster with winning food and beverage products.

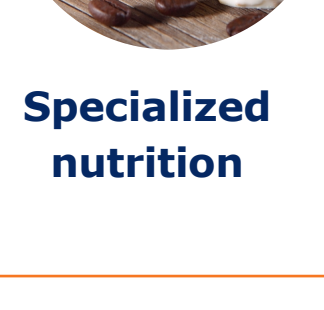

Ice cream & frozen desserts

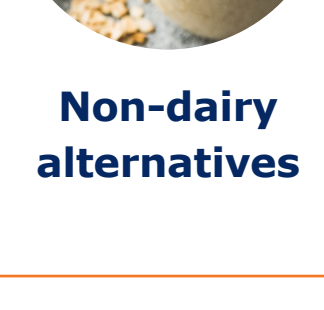

Coffee & creamers

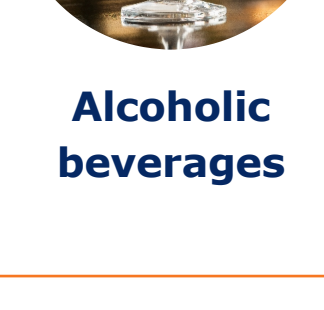

Baked goods & cereals

Specialized nutrition

Non-dairy alternatives

Alcoholic beverages

Vanilla for many means warmth, comfort, and reliability. It is a reminder of home and all the niceties that accompany that feeling. Whether it's for celebration or relaxation, vanilla's flavor profile is suitable for any occasion.
