

Pea Protein

Game-Changing Pea Protein

ADM's pea protein portfolio is a step-above the rest, created with functionality in mind. We offer a lineup featuring better taste, lighter color and enhanced texture and mouthfeel, enabling you to develop on-trend, plant-based applications without the need for additional allergen labeling. We also provide non-GMO project verified options to meet today's consumer demands. Our 75+ years of alternative protein development expertise brings you a winning U.S. grown and produced solution for today's new plant-forward innovations.

73% of global plant-forward consumers
perceive pea protein as healthy and nutritious

**ProFam™ 580 is one of the cleanest-tasting
pea proteins in the industry**

**We've Done the Research to Ensure
Superior Clean Taste and Neutral Color**

Better Solubility and Gelling Properties:
yields a positive impact on the finished product.

Great Taste:
with fewer total aromatics, less green/beany/grassy/ earthy off-notes and less bitter/sulfuric notes.

Ideal Color:
our neutral color makes food and beverages more appealing to consumers

Pea Protein Powders:

ProFam™ Pea 560, ProFam™ Pea 570,
ProFam™ Pea 572, ProFam™ Pea 573,
ProFam™ Pea 580

Pea Proteins $\geq$ 80% Protein

ProFam™ North American Produced Non-GMO Pea Protein Powders

Product Code	Product Name	Product Description	Product Applications	Other Attributes	Packaging Options
066580	ProFam™ Pea Protein 580	Protein content: 80% minimum. Great solubility, gelling, emulsification properties, powder standard grind: 90/100 mesh	Confectionery, Baked Goods, Dairy & Dairy Alternatives, Meat & Meat Alternatives, Snacks, Bars, Cereals, Beverages, Powdered Beverages	Validated kill step Non-GMO Project Verified	20kg bag, Supersack
